CERTIFICATION INSTRUCTION

Date: 04/10/2024

Ref: 24-045

PPE TYPE

☐ Glove ☒ Footwear ☐ Garment ☐ Sleeve ☐ Oven Glove
☐ Safety overshoes ☐ All *If other, please precise*

Standard document EN ISO 20345: 2022 + EN 13832-3: 2018

Key Word Marking / Instruction for use

Question / Problem / Situation:

The EN 13832-3 standard refers to the EN ISO 20345:2011 but this standard is being cancelled.
How to mark the products when they match with EN 13832-3 with the EN ISO 20345:2022 instead of EN ISO 20345:2011

Decision to apply:

The manufacturer shall precise in the instruction for use that the product complies the requirements of EN 13832-3 but that the requirements linked with the EN ISO 20345 standard match with the 2022 version and not according to the 2011 version.

Moreover, the product will not be able to be marked with the EN 13832-3. However, the pictogram for chemical resistance could be marked on the product.

This fact is described under the protocol CTC CE C 007.
